

DTRA
DIGITAL TRIALS
&
RESEARCH ALLIANCE

Driving the Future of Digital Clinical Research

Our Mission and Membership

Our Mission

Mission

To accelerate adoption of innovative research methods, including innovative elements, by collaborating with a community of global stakeholders.

Vision

Our vision is to make research participation accessible for all.

Priorities

DTRA's member stakeholders have identified 4 Priorities to define the work of the Alliance to support our mission to accelerate the adoption of patient-focused, innovative clinical trials and research.

Definitions

Establish common nomenclature and definitions, archetypes, and KPIs around the practice of decentralized research.

Best Practices

Identify and promote best practices in decentralized research.

Education

Build knowledge repository and mechanisms for information sharing.

Removing Barriers

Identify barriers to decentralized research implementation and establish roadmaps to their resolution.

Initiatives

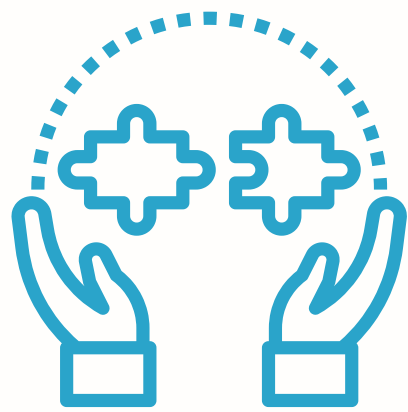

The 12 Initiatives delve deeper into each of the Priorities to identify the framework to pursue our shared goals and develop strategic solutions. Click on each Initiative to learn more.

Initiative Teams

Volunteers from our Member Organizations are assembled on Initiative Teams to work together to achieve a deliverable that contributes to the larger goal of the Priority.

Organizations**

Membership Benefits

DTRA Members are driving the future of decentralized clinical research through exciting opportunities such as:

Collaboration & Networking

- Representation on the Leadership Council with over 50 innovative clinical trial industry leaders
- Member directory with company profile
- Annual meeting with curated agenda and networking opportunities
 - 2 Registrations to Annual Meeting included
 - Exclusive Sponsorship Opportunities

Driving the Future of Digital Trials

- Access to be on the cutting edge with participation on Initiatives teams
- Developing real-world solutions with global stakeholders
- Meta-collaboration with other organizations and healthcare authorities
- Access to Everest Group's curated clinical development technology research

Professional Development

- Boost your resume and rolodex with high-profile volunteer opportunities:
 - TGIF-DCT Clubhouse Host
 - Initiative Teams
 - Regulatory Forum
 - Content Council
 - CoLabs
 - Circles

Membership Benefits

DTRA Members are driving the future of innovative clinical research through exciting opportunities such as:

Co Labs

Opportunity for Member-Driven Initiatives

- 2025
 - Bring Your Own Technology
 - DHT Tubestop
 - Site Insights Repository
 - Site Input to Protocol Planning
- Succinct team with a defined scope
- 3-4 month sprint model to workstream

DTRA Circles

- Enable deeper engagement within DTRA
- Help more colleagues connect with their peers from across the industry
- Micro-communities of functional leaders from across member organizations
- Provide space for connecting and sharing

Bio Pharma Forum

- DTRA Members in the Bio Pharma space gather privately and share best practices and other areas of mutual interest
- Monthly Meetings
 - Topics driven by members
 - In-Person in November at the Annual Meeting

Annual Meeting

Curated Conversations

- R&D Leaders
- Investor Panel
- Managing Growth
- Interactive Town Hall

Fostering Meta-Collaborations

- Patient Perspective
- Patient Advocacy Organizations
- Fireside Chat with FDA
- Update from partner organizations and other collaborations

Professional & Brand Development

- Company Presentations
- Receptions
- Networking Opportunities

Membership

DTRA strives to ensure that all Organizational Members align with the shared mission and vision and are prepared to fully participate in collaborative action to define and drive the future of patient-centered innovative clinical research.

During the application process, organizations are invited to share why they wish to join the Alliance with a summary of their envisioned contributions and participation.

Membership dues are \$30,000 per calendar year, with the effective membership period running from January 1 through December 31.

Contact

Thank you for your interest in DTRA.

To become a member of a DTRA, please submit an [application for consideration](#).
